Home Energy Plus (HE+) includes the Wisconsin Home Energy Assistance Program (WHEAP), Weatherization Assistance Program, and HE+ Furnace Program. WHEAP provides assistance for heating costs, electric costs, and energy crisis situations. Weatherization helps renters and homeowners reduce their energy consumption. The HE+ Furnace Program provides services to eligible homeowners and some renters to repair or replace their heating system. Operating with federal and state funding, the programs provide energy assistance payments to over 200,000 households and weatherization services to over 6,000 households in Wisconsin each year.

ADVOCAP services are provided to qualified persons based on expressed and assessed needs and within the limits of grant guidelines. We are committed to providing equal opportunity in all programs, services, and activities to persons with limited English proficiency (LEP). Services include providing written translation and oral interpretations, free of cost, to LEP persons to ensure meaningful, accurate, and equal access to programs, benefits, and activities. We make reasonable accommodations for persons with disabilities. No qualified persons shall be excluded from participation in our programs or be denied the benefits of, or otherwise be subject to discrimination in any manner on the basis of age, race, creed, religion, color, sex, physical condition, handicap or disability, developmental disability, association with a person with a disability, sexual orientation, national origin, ancestry, political affiliation, marital, parental or familial status, pregnancy, arrest record, citizenship status, veteran status or any other characteristic protected by law. ADVOCAP is an equal opportunity employer functioning under an Affirmative Action Plan. We make a concerted effort to conduct business with small companies, women, and minority-owned businesses, and companies compliant with civil rights law. (Ref. 29CFR Part 471, Appendix A to Subpart A). We have a grievance procedure. If you have concerns or a complaint, please contact ADVOCAP's Executive Director or Deputy Director.

WEATHERIZATION ASSISTANCE

Permanently reduce your utility bills.

The Weatherization Assistance Program reduces energy costs for low-income families, particularly for the elderly, people with disabilities, and children, by improving the energy efficiency of their homes while ensuring their health and safety. The Weatherization program provides energy conservation measures to houses at no cost to the residents.

If your residence qualifies for weatherization services, you may receive one or more of the following energy efficiency measures:

- **Insulation**
Adding insulation to the attic, walls, and crawl space helps reduce energy use and increase comfort.
- **Sealing Air Leaks**
Sealing air leaks reduces cold drafts caused by gaps or cracks in the home's structure and may improve indoor air quality.
- **Heating System Update**
Repairing or replacing an inefficient furnace or boiler will save energy and money.
- **Energy-Saving Products**
Installing water-saving faucet aerators and shower heads and ENERGY STAR® LED bulbs will reduce your energy needs. Replacing an old refrigerator or freezer with a new ENERGY STAR qualified model will also save energy.

HOME ENERGY PLUS (HE+) FURNACE PROGRAM

Repair unsafe or non-working heating systems.

The HE+ Furnace Program is a year-round program that provides assistance to eligible low-income Wisconsin households when their primary heating system no longer provides heat, is inoperable or becomes unsafe. Assistance can include repairs, or in some situations, a total replacement of an inoperable system.

HOME ENERGY PLUS (HE+) WATER CONSERVATION

Repair plumbing leaks and water heaters.

The HE+ Water Conservation Program is a year-round program that provides assistance to eligible low-income Wisconsin households with the repair or replacement of leaky or non-working water heaters, leaky fixtures, toilets and/or piping.
